

Boxing BC Ranking System

Following the 2020/21 Provincial Championships, Boxing BC will be implementing a provincial ranking system.

Boxers will accumulate points during the season for activity and be seeded going into the following years Provincial Championships. The purpose of this system is to motivate and encourage our BC athletes to maintain the activity and level of competition consistent with success at a national level.

Throughout the season, athletes will accumulate points based on results and activity with a goal to be seeded at the following Provincial Championships. Athletes successful in the Provincial Championships will receive:

Gold Medal: 5000 points

Silver Medal: 3000 points

Bronze Medal: 1000 points

Provincial Medallists will start the new season with these respective points totals. All athletes who do not medal at the provincials will start the new season with zero points.

Athletes will be awarded points throughout the season as follows:

Club Show

Win: 1000 points

Loss or Exhibition: 250 points

Tournament

Win: 1000 points for each win + 1000 points for winning tournament

Loss or Exhibition at tournaments: 250 points for each match

Using the total points accumulated through the season, athletes will then be seeded into the 2022 Provincial Championships (and all future Provincials).

Points totals and rankings will be tracked on the Boxing BC website and be available for reference to all members. Rankings will be updated promptly following each competition.

Seeding:

1st place seeded athlete will box last place seeded athlete

2nd place seeded athlete will box second to last seeded athlete and so on.

We look forward to a simple yet effective ranking system that will help our BC athletes achieve success at a national level.
